La pluie

« Trace la pluie qui tombe en petites gouttes en repassant les gouttes. »

- Reproduire formes et trajectoires
- \* Comprendre et exécuter une consigne

The worksheet features four clouds at the top, each with three vertical columns of raindrops. The first two columns of each cloud contain solid black raindrops, while the third column contains hollow circles. Below the clouds, a girl in a raincoat and boots is holding an umbrella. The entire page is covered with a grid of hollow circles for tracing practice.
